TERMS OF SALE

1. This is a public auction and mail bid sale, conducted by PONTERIO & ASSOCIATES, INC., licensed California Auction Co. #968 (hereafter "Auctioneer"). Subject to our consent, liberty for bidding by sellers and/or consignors is hereby reserved.
2. A 15% buyers charge will be added to the "hammer price" or winning bid of each lot. This charge will be added to all invoices.
3. Subject to paragraph 8, all material shall be sold to the highest bidder as determined by the Auctioneer. If any dispute arises during or immediately after the sale of a lot, Auctioneer shall have the right to recall the lot and put it up for sale again. In all cases, Auctioneer's decision shall be final. For the bidder's protection, NO "UNLIMITED" or "BUY" BIDS WILL BE ACCEPTED. Bids are to be made in U.S. currency only.
4. Terms of this sale are strictly cash with payment due immediately upon receipt of invoice. Payment by check must be payable in U.S. currency only and drawn on a U.S. Bank. No credit card purchases will be accepted. Title to all lots remains with consignor until paid in full.
5. Floor bidders and mail bidders not known to Auctioneer must furnish satisfactory credit references, sufficiently in advance of the sale to allow for checking, or per the discretion of the Auctioneer, a deposit equal to 25% of their total bids for that session(s) before such bids can be accepted. Deposits submitted will be applied to purchases and any unused portion of such deposit will be promptly refunded. All bid sheets submitted by mail bidders must be signed. Company bids must be submitted with the signature of a duly authorized agent of such company. If you bid by mail, **mail your bid sheet early**. Mail bidders agree to and are subject to these terms of sale just as if they were floor bidders.
6. All bids must be per lot as numbered in this catalogue. No lots will be broken. Lots will be sold in their numbered sequence unless Auctioneer directs otherwise. Auctioneer can not be responsible for errors in bidding. Please make certain that you bid on the correct lot and that your bid is the maximum that you are willing to pay.
7. An estimate is provided for each lot. This estimate represents, in the opinion of the cataloger, the current market value of the lot. Lots may, of course, sell for above or below this estimate.
8. Lot(s) may carry a Reserve. A Reserve is a confidential price or bid below which Auctioneer will not sell an item or will re-purchase on behalf of the Consignor or for the Auctioneer. In the event that a reserve is known to the Auctioneer prior to the publication of the catalogue, the low pre-sale estimate will equal or exceed the reserve. We reserve the right to withdraw any lot prior to the sale and to open the bidding on any lot at a reasonable price.
9. If Auctioneer, in its sole discretion, determines that any numismatic property is substantially and materially different from that represented in the catalogue of sale, or in any written advertisement or material, the sale shall be cancelled and Auctioneer shall refund the purchase price to the Buyer. Unless provided otherwise in these terms or the PNG bylaws, that refund shall be Auctioneer's sole obligation to Buyer in the event of such cancellation.
10. All items in this catalogue are guaranteed to be genuine unless specifically stated otherwise in the lot description. Claims to the contrary must be made in writing within three days after receipt of the lot. Any returned lot must be intact and in its original unopened holder. No lot may be returned without prior written consent. In no event may any lot be returned after thirty (30) days from the date of sale. LATE REMITTANCE FOR PURCHASES CONSTITUTES JUST CAUSE TO ABROGATE ALL RETURN PRIVILEGES FOR ANY REASON.
11. (a) Grading is a subjective description, in the opinion of the cataloger as to the state of preservation, method of strike and overall appearance of a particular coin or lot. The term "Proof" or "Specimen" is used to describe a method of manufacture, and is not a grade or condition or an attribution;
(b) Auctioneer does not represent that a numismatic item has or has not been cleaned; that any toning is natural or artificial; that any coin catalogued will meet the standards, or the grade, of any third party or third party grading service; that a numismatic item has a particular provenance or pedigrees; that a numismatic item is struck or not struck, or produced or not produced in a particular manner or style;
(c) Adjectival descriptions and terminology (which can and does vary among experts and knowledgeable purchasers), when utilized in the catalogue, are strictly the opinion of the cataloger and shall not be deemed to be part of the description; i.e. it is an opinion only and not a warranty of any kind;
(d) Grading descriptions in this catalogue are provided strictly for the convenience of those who bid by mail and who are unable to personally view the coins, and represents the cataloger's opinion of its state of preservation. Those attending the sale, and those bidders who actually view the lots should draw their own conclusions as to the state of preservation or grade of the numismatic item.
12. This is not an approval sale. Bidders are expected to promptly purchase all lots awarded to them by the auctioneer. Floor bidders are encouraged to carefully examine all lots which they are interested in purchasing, since NO LOTS MAY BE RETURNED BY FLOOR BUYERS, INCLUDING THOSE LOTS WHERE THE BIDDER IS ACTING AS AGENT FOR ANOTHER PARTY, OR BY MAIL BIDDERS WHO HAVE EXAMINED THE LOT PRIOR TO THE SALE.
13. Mail bids will be accepted from those who can not attend the sale in person. Bids for all lots must be submitted in even dollar amounts, or they will be reduced to the next even dollar amount. Mail (or fax) bids must be received prior to the day of the auction or there will be no guaranty that they will be timely executed. Successful mail bidders will be awarded the lot at nominal 5% or 10% over the second highest mail or floor bid. When identical bids are received by Auctioneer for a lot, preference is given to the first bid received. A mail bid will take precedence over an identical floor bid. A floor bidder must bid higher than the highest mail bidder to be awarded any lot.
14. Auctioneer is an "insider" and may have access to confidential information not otherwise available to the public with respect to value, provenance, availability, and other factors. Purchasers should make themselves acquainted with the numismatic items that they are purchasing and avail themselves of the services of outside consultants prior to engaging in any purchase.
15. Auctioneer reserves the right to refuse to honor any bid or to limit the amount of any bid which, in his opinion, is not submitted in "Good Faith", or, as the case dictates, is not supported by satisfactory credit and numismatic references, as Auctioneer, in its sole discretion, shall determine. A bid is also considered not made in "Good Faith" when it is made by an insolvent or irresponsible person, or a person under the age of eighteen. Auctioneer reserves the right to exclude any person it deems in its sole opinion is disruptive to the sale or is otherwise commercially unsuitable. Auctioneer reserves the right to rescind the sale in the event of any nonpayment, breach of warranty, disputed ownership, Auctioneer's clerical error or omission in exercising bids and reserves or otherwise.
16. All photographs in this catalogue are of the actual items being sold.

17. Postage, insurance and sales tax, if required by law to be collected, will be added to the invoice for any lot(s) invoiced to successful bidders. All lots delivered in the state of California are subject to applicable sales tax. Individuals purchasing lots for resale must submit an exemption certificate, signed by the purchaser or his agent and recognized by the state of California, with their current resale certificate number or be subject to the sales tax.
18. Auctioneer reserves the right to require payment in full before delivering any lot to a successful bidder. It is the buyer's responsibility and obligation to have the lots fully insured while in his/her possession. Risk of loss is on the buyer. All lots sent to foreign countries, including Canada and Mexico, will be billed an additional 1/2 of 1% for insurance. The minimum insurance fee is \$5.00. Please send shipping instructions. Normally all lots will be sent via registered mail.
19. In the event a bidder fails to make remittance promptly, auctioneer reserves the right to resell the merchandise and bidder agrees to pay for the reasonable cost of such a sale and also to pay any difference between the resale price and the previously successful bid.
20. Auctioneer reserves the right to postpone the auction sale for a reasonable period of time, as the result of any act of war, natural calamity or significant relevant event, which, in the judgement of Auctioneer, reasonably exercised, make it inadvisable to hold the auction.
21. By bidding in this sale, bidder personally guarantees payment; if a corporation is the bidder, the officers and/or principals of the corporation agree to personally guarantee payment. Mail or fax bids must be signed.
22. Auctioneer reserves the right to include its own material in any auction sale. Auctioneer may have direct or indirect interests in auction lots. Auctioneer may make loans or advances to consignors and/or prospective purchasers. The Consignor may be permitted to bid on his, her or their own articles and to buy them back at the sale. Any Buyer who bids on or purchases their own goods is required to pay for them, in full, as the terms of sale provide for together with the full buyer's commission, and any other applicable surcharges, postage, handling, insurance fees and taxes, without rebate of any kind whatsoever, unless provided for otherwise by contract with Auctioneer. Auctioneer reserves the right to make accounting adjustments in lieu of payment. Settlement will follow the auction. The prices realized reflect the final price called by Auctioneer and may include a bid of a consignor reacquiring their lot.
23. In the event Auctioneer shall, for any reason other than set forth in paragraph 8, be unable to deliver the property sought to be purchased, its liability therefore shall be limited to the rescission of the sale and refund of the purchase price and buyer's fee plus interest at 10% per annum if refund is made greater than 60 days after payment. Auctioneer shall have no liability for damages, incidental, consequential or otherwise, arising out of its failure to deliver any property purchased, and all bidders agree to this.
24. Auctioneer shall have a lien against the merchandise purchased by the buyer and any other property of the buyer then held by Auctioneer to secure payment of the auction invoice(s) and any other amounts due Auctioneer from the buyer, with the respect to which Auctioneer shall have all the rights of a secured creditor under Article 9 of the California Uniform Commercial Code.
25. It is unlawful and illegal for Bidders to collude, pool, or agree with another Bidder to pay less than the fair value for lot(s). Bidders in the sale acknowledge that the law provides for substantial penalties in the form of treble damages and attorney's fees and costs for those who violate these provisions.
26. If any dispute arise regarding payment, participation, authenticity, or grading or any other matter pertaining to the sale, and those disputes cannot be resolved, the bidder and/or a participant in the Auction Sale and Auctioneer all agree that the dispute shall be submitted to binding arbitration in accordance with the rules of the Professional Numismatists Guild (PNG) or American Arbitration Association (AAA), per the election of the bidder/participant. The AAA arbitration shall be conducted under the provisions of the California Arbitration Act and venue shall be conducted under the provisions of the California Arbitration Act and venue shall be in San Diego, California. The arbitration costs shall initially be paid equally by the parties. If an election is not made within ten (10) days of an unresolved dispute, Auctioneer may elect either PNG or AAA arbitration. An award granted in arbitration is enforceable in any court. The prevailing party in any dispute shall be entitled to receive its attorneys' fees, expert witness fees, costs and arbitrator's fees. By placing a bid (mail, fax, phone, floor, electronic or otherwise) or by attending or by participating in an auction, a bidder and all participants accept these Terms and Conditions of Sale, and agrees to be bound.
27. Bidding in this sale (by any means) or participating in this sale constitutes acceptance by the bidder or participant of all the forementioned terms and conditions of sale.

INSTRUCTIONS TO NEW MAIL BIDDERS

Bidding by mail permits you to participate in an auction as though you were attending it in person. The procedure is really quite simple. You tell us what you want, and the maximum amount you are willing to pay. We then, as your personal agent, try to buy the items listed for you at the lowest possible price.

The enclosed mail bid form has two sides for you to fill in. The front side provides all the information we will need to register you as a bidder, execute your bids for you and deliver your lots to you if you are a successful bidder. Please answer all the questions that may apply to you. If you have any special mailing instructions or and/or other instructions, please note them in the "special instructions" area of your bidsheet. **DON'T FORGET TO SIGN YOUR BIDSHEET.**

LOT	BID
#2	\$400
#24	\$500
#25	\$700
#66	\$1000

On the back side are pairs of columns where you may list your bids. After carefully reading the lot description, write down the lot number and the maximum amount you are willing to pay for that lot. Don't forget that a 15% buyer's fee will be added to your actual purchase price if you are the lucky bidder. Continue to list lot numbers and bids for each of the lots you are interested in buying.

When we receive your bidsheet, we will record your bids at the amount you have authorized us to bid for you, and we will, in addition, note any lots where an increase is authorized if absolutely needed to win the lot. For example, if the sample bidsheet shown at the right were yours, we would enter your bid on lot #2 as \$400. If yours was the highest bid received, you would be the purchaser at \$400. (plus 15%), and applicable taxes and shipping charges. If the second highest bid received on the lot was substantially less, your bid would be reduced to a "normal" increment above the second-highest bid, just as it would be if you were present at the sale yourself to execute your own bids. If you have authorized a percentage increase on the front side of your bidsheet and the bidding by others has exceeded your basic bid, we will then, as your personal agent, increase your bid to the minimum amount necessary to obtain the lot for you. The authorized increase will never be used except when your basic bid is exceeded.

Before you mail your bidsheet, do be sure to check it over to make certain you have bid on the correct lot(s) and that your bids are the ones you are both willing and able to pay for. Enjoy the catalog, place bids on everything you would like to buy. If time is running out and you feel your bidsheet may arrive too late to be included, you may call our office between the hours of 9:00 a.m. and 5:00 p.m. Monday through Friday, giving us the lot numbers and amount you will pay for each lot, over the telephone. Please make sure you immediately send in your bidsheet for confirmation. Also, you may FAX your bidsheet to us. As your personal agents we wish you every success.

VIEWING OF LOTS

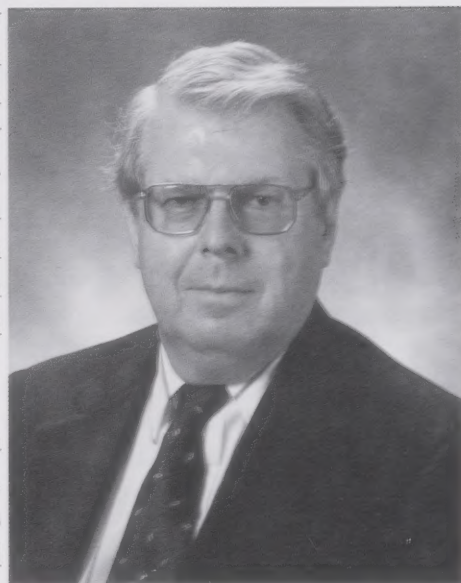

Lots will be available for viewing by prospective bidders at our office each day, Monday through Friday, by **APPOINTMENT ONLY**, between the hours of 9:00 a.m. and 5:00 p.m., March 28, 2005 through April 14, 2005 only. Additionally, all material will be available for viewing at the Chicago International Coin Fair to be held at the Crowne Plaza Chicago O'Hare Hotel.

Terris C. Howard - A Collector and Student of Spanish Numismatics

Terris ("Terry") Clifton Howard was born in Anchorage, Territory of Alaska in 1934 to Hazel and Charles Howard. His father was a career Air Force officer who began his career with the Alaska Communications System. While growing in Bethel, Alaska, Terry began his love affair with aviation, helped in no small way by god-fathers who were both aviation pioneers in Alaska. While a teenager living in Riverside, California, Terry started a collection of Standing Liberty Quarters which he sold while attending High School in Seattle, using the proceeds to purchase his first car, a 1931 Model A Ford (I bet he wishes he still had it!).

Terry went to work with the Boeing Company, retiring after a colorful career of 42 years in engineering and quality assurance. At one point, he was assigned to work with Construcciones Aeronauticas, S.A. in Seville and Madrid, Spain, where he met and married Rosa Maria Hidalgo Elvira in Seville. At one point Maria gave him a typical key chain with an encased 1898 5 Pesetas and his numismatic instincts returned. He began collecting and studying the Peseta coinages of the 1868-1972 period and in his research soon found numerous varieties in issued coins as well as counterfeits. As he traveled widely within Spain as part of his work, he became acquainted with many Spanish coin dealers from whom he learned about numerous coin varieties and counterfeits.

On one visit to Barcelona, Terry joined the Asociación Numismática Española (ANE) and became a Life Member of that organization in 1981. He wrote numerous articles on his collecting interests for the "Gaceta Numismática" of the ANE as well as for the "Numismatist" of the American Numismatic Association and the International Bank Note Society, his articles ranging from various studies of Spanish numismatics including the Peseta series, Civil war, Stamp Money, counterfeit coinage, Proclamation pieces and related medals, Spanish coin miniatures of Ludwin Christian Lauer, Azores "G.P." countermarked coinage, an article on Spanish banknotes for the I.B.N.S., etc. In 1986 he received the ANE Presidential Medal for his numismatic work and writings. In addition to his writings about his numismatic interests, he has also written several books on family history and genealogy of several "branches" of his family tree.

Terry's love affair with aviation and airplanes is still very active and one of his major current interests is in the restoration of the first Boeing 727, produced in 1972 for United Air Lines and retired in 1991; restoration work began in 2004 at the Museum of Flight Restoration Center at Paine Field, Everett, Washington; Terry and other volunteers are having a fine time with this project and has many interesting tales about their endeavors.

COMMANDER DAVID R. HINKLE, USN (RET.)

David R. Hinkle was the eldest son of a West Texas farming/ranching family, doing all the expected chores involved in ranching. He was a scholar and athlete, being selected for All-Star teams in football and boxing and voted Best All-Round Boy in Tohoka High in 1947. He was also a licensed Baptist preacher at the age of sixteen. He graduated from the U.S. Naval Academy with honors in 1954 where he had been Brigade boxing champion. He was one of the early picks of Admiral Rickover for the Naval Nuclear Program, serving on six nuclear submarines and as commander of the USS Pargo (SSN-650). He specialized in Research and Development and has received more than 40 medals and commendations for the test and evaluation of submarine systems. Eighteen years of sea duty included the Formosa Patrol, Vietnam Picket Duty, under-ice operations for the 6th Fleet in the Mediterranean and 7th Fleet in the Orient.

David retired from the Navy in 1973 as a Commander, at which time he and his wife Muriel founded Sonalysts, Inc., a multidisciplinary company of scientists, engineers, educators and artists working in varied multimedia programs for government and private clients. Sonalysts' professionals helped develop the special sound effects used in "Hunt for Red October". Sonalysts War Gaming Division helps government and corporate customers to "address the unknown" and their film, recording, graphic and animation studios are the largest in New England and one of the few integrated, interactive multimedia operations in the world. The company has numerous nuclear engineers who assist the International Atomic Energy Agency in serving the requirements and needs for safe operation of nuclear plants around the globe. Sonalysts was named Best Small Business in the Northeast and number two nationally by the Small Business Administration, resulting in cocktails with President Reagan at the White House. While still closely involved in his business, David recently took on the job of Editor-in-Chief of "U.S. Submarines", an oversized coffee-table book, with 40,000 copies printed and distributed to date.

David's numismatic "career" began with a U.S. Half Dime while he was a Midshipman at Annapolis; his roommate found the coin and showed it to David who had never seen such a thing. The roommate was not interested in the coin and said he would accept whatever coin dealer might offer for it; the owner of a nearby coin shop offered \$1.50 for it and thus Commander Hinkle got two things: (1) the coin for \$1.50 and (2) a good lesson on obtaining numismatic materials - open the book before opening the mouth.

David's many deployments ranging from extended operations in the Mediterranean to 9-month tours in the Orient brought him into contact with a diverse variety of many ancient and world coins. He became, basically, a type coin collector and enjoys exploring everything in a country's numismatic heritage. He has derived great pleasure through his collecting interests over the years and now wishes to make these numerous acquisitions available for the collecting pleasure of others who will appreciate them.

Finally, Commander David R. Hinkle, USN (Ret.), congratulations on your accomplishments, in careers and leisure and we thank you for the opportunity to help find new homes for your coins.

Coins in Shakespeare - From an Autopsy Report or From Some Plays?

I was asked to give a presentation to a local coin club and if I had a topic in mind. I replied that I would be happy to give a presentation on "Coins in Shakespeare". There was a pause at the other end of the line, then came "As in an autopsy report or what?" I assured him that it referred to a selection of numismatic references in various plays by the Bard that I would have a selection of slides for viewing. All went well except for my reading various quotes in the style of Shakespeare, but we had a fine time.

This article is based on "Coins in Shakespeare, A Numismatic Guide" by J. Eric Engstrom, published by the Dartmouth College Museum in 1964. This small paperback contains 67 pages of citations from works of Shakespeare by coin type or denomination, the author also explains various puns involving coins, general monetary terms or slang to coins in general, counterfeits, etc; the last list cites numismatic references to Shakespeare's works in the order of their completion. I will occasionally cite a reference to a particular lot in our recent auction catalog #133 in which we had a nice selection of coins being discussed here.

Mr. Engstrom lists coins in alphabetical order, as will I beginning with the angel, a British gold coin produced during the 15th century (see lot #1044 for one issued by Henry VIII between 1509 and 1527); this coin portrays an angel on the obverse with the monarch a ship on the reverse. In "The Merry Wives of Windsor" we find "she has all the rule of her husbands purse. He hath a legion of angles." (I.iii.60) and "Humor me with some angels." (I.iii.64). From "The Comedy of Errors" we have "Here are the angels that you sent for to deliver you." (IV.iii.41) and in "The Merchant of Venice" we find "They have in England a coin that bears the figure of an angel stamped in gold." (II.vii.56).

The crown, a coin valued at 5 Shillings, struck in either gold or silver, entered use in the 1500's (see lots 2191 & 2120; an Edward VI coin of 1551, the first British silver Crown and a 1601 coin of Elizabeth I), appearing in "Henry IV, Part I" as "If you will go, I will your purses full of crowns." (I.ii.47) and "We must have bloody noses and cracked crowns and pass them current too." (II.iii.96); the latter alludes to counterfeits ("cracked crowns"); more on that later. One coin mentioned in several works of Shakespeare is mis-cited, the Drachma, as in "Julius Caesar" "...he gives to every single man seventy-five drachmas." (III.ii.247) and "I had rather coin my heart and drop my blood for drachmas." (IV.iii.73). The coin referenced in this work should have been the denarius.

The ducat follows, this being a gold coin which originated in the 12th century, becoming a widely issued trade coin until the 20th century (see lots 906, 1062 and 1133; Austria, Hungary and Venice); citations of this coin include "Romeo and Juliet" with "I see that thou art poor; fold, here is forty ducats." (V.i.9) and the "Merchant of Venice" offering "...fare thee well. There is a ducat for thee." (II.iii.4). The French crown or ecu began as a gold coin of France in the 1400's (see lots 999-1001), the name later associated with a Dollar-size silver coin, the first being referenced in "Henry VI, Part I" "As fit...as your French crown for your taffeta punk..." ("All's Well That Ends Well, II.ii.23). "Ecu" stands for the shield or arms whereas "crown" relates to the crown above the shield or arms.

A noble is a British gold coin which was introduced in the 14th century, bearing the armed king aboard a warship on the obverse (see lot 1042 for an Edward III coin), appearing in "Henry V" in "A noble shalt you have,..." and "I shall have my noble?" (II.i.112 & 119). A related coin, the rose noble has a similar obverse with a rose added to the hull of the shield see lot 1043 for one of Edward IV). The British penny appears often in the works of Shakespeare; "A friend; the Court is better than a penny in the purse" (Henry IV, Part II, V.i.34), "You beg a penny more." ("All's Well That Ends Well" V.ii.39).

The gold royal or ryal was introduced during the reign of Henry VII with a value of ten shillings - "...here's four Harry ten shillings..." ("Henry IV, Part II, III.ii.236) but was often used when referring to earlier nobles (see lot 1043). The sixpence was introduced in the mid-1500's, becoming quite debased as was all silver coinage late in the reign of Henry VIII but restored to higher fineness during the time of Edward VI, was often referenced, as "Oh-sixpence, that I had o' Wednesday last..." ("The Comedy of Errors", I.ii.55), "Come on, there is sixpence for you-let's have a song." ("Twelfth Night, II.iii.158), etc.

"Tester" was a slang name for a sixpence and appears a few times ("I thank you, you have testered me"; "Henry VI, Part II", (I.i.153). Coins of three farthings or three quarters of a penny first appear during the reign of Elizabeth I and appear in several works of Shakespeare; "Renumeration! Oh, that's Latin for three-farthings.." and "Why, then, three farthing worth of silk" ("Love's Labor Lost", III.i.138 & 150) and threepence coins were introduced during the time of Henry VIII ("Master Froth, I could not give you threepence again.", "Measure for Measure", II.i.107).

There are many references to generic coins in the writings of Shakespeare and occasionally in an unusual comment a coin appears and may be overlooked, as with "...out of mere ambition you have caused your holy hat to be stamped on the King's coins." ("Henry VIII", III.ii.325). Many might skip it but "T-W" appears beside the shield on some Henry VIII silver coinage; this indicates an issue from York of Cardinal Thomas Wolsey. Counterfeit, cracked, or slip, terms indicating bogus money, are mentioned in many texts ("What counterfeit did I give you?" "The slip, sir, the slip" ("Romeo and Juliet", II.iv.51) and "Pray God your voice, like a piece of uncurrent gold, be not cracked within the ring." ("Hamlet, II.ii.448). This refers to hammered coins which frequently cracked in striking with cracks going into the pellet ring around the main design; these were no longer acceptable.

Shakespeare used various terms which related to money on account such as bills of exchange in "For I have bills for money in exchange from Florence..." ("Taming of the Shrew", IV.ii.89), of a Dolar (Dollar) in "To three thousand dolars a year." ("Measure for Measure", I.ii.50) and "A dollar. Dolar comes to him, indeed." ("The Tempest, II.i.18). Engstrom points out that references to a Dollar/dolar appear only in plays written during the reign of James I of Britain (VI of Scotland) and probably applies to "Thistle" or "Sword" Dollars of Scotland.

I hope that you have found this to be of interest and, if so, that you can track down a copy of this very interesting work to enhance your collecting interests.

650. Republic Decimal Proof set, coins dated 1867 & 1868. Included in this nine piece set are the following: 1/2 Decimo, 1868, silver, reeded edge (KM-137.2); Decimo, 1868, silver reeded edge (KM-136.2); 20 Centavos, 1867, silver, plain edge (type of KM-138.1, which has a reeded edge); 50 Centavos, 1867, silver, reeded edge (KM-139); Peso, 1868, silver (KM-142.1) & gilt copper, plain edge (KM-Pn17, type of regular issue KM-140, although regular issues were not struck with this date); 2 Pesos, 1868, gilt copper, plain edge (KM-Pn19, type of regular issue KM-143, although this type not issued in this year); 5 Pesos, 1868, gilt copper, plain edge (KM-Pn21, type of regular issue KM-144) & 10 Pesos, 1868, gilt copper, plain edge (KM-145). All of the coins in this set were struck as **PROOFS** and all were subsequently lacquered, probably while they were in possession of King Farouk of Egypt. The lacquering on most is fairly heavy and not all that expertly done. The coins have from light to heavy hairlines, although it is possible that many of the hairlines are restricted to the lacquer and thus would be removed if the lacquer were removed. The gilt copper pieces are all of substantially higher quality than the silver coins. This is an exceedingly rare, possibly even unique, set that was one of JJP's most prized possessions. He displayed it at countless coin shows and coin club meetings for more than 40 years. He purchased it from the Farouk sale in 1954 as lot #2055 where it realized a paltry 25 Egyptian Pounds or approximately \$72 U.S. To this amount was added the standard 5% Government tax for a total cost of just slightly over \$75. Nine pieces in set. EX: John J. Pittman collection; EX: David Akers August, 1999 auction, lot #3467 where it hammered for \$3500.[3000.-4000.]
